Planet Payment, Inc., a leading international payment and data processor, provides internationally focused banks and their merchants with innovative solutions that enable them to accept, process and reconcile payments, anytime, anywhere and in any currency.

Headquartered in Long Beach, New York, our global commercial centers and offices include United States (New Castle, DE; Roswell, GA; Melbourne, FL) China (Beijing and Shanghai), Dubai, Hong Kong, United Kingdom (London, Dublin and Bermuda) Mexico (Mexico City), Singapore and Canada (Toronto).

We have an excellent opportunity and an immediate need for a Software Engineer in our Melbourne, FL office.

Job Summary

We are looking for a talented and motivated Software Engineer to help build and evolve our Java web applications in an agile, test driven development environment. You will work with a small cross-functional team to design, build, and maintain web applications on the Java platform.

Job Requirements

- Bachelors degree in Computer Science (or similar) or equivalent technical experience.
- Ability to demonstrate solid skills in the Java programming language as well as a good understanding of the Java platform.
- In-depth knowledge of web technologies (HTML/JavaScript/CSS) is required.
- Comfort in UNIX/Linux server environments is required.
- Detail-oriented team player with the ability to also work independently.
- Requires excellent written and verbal communication skills.
- Proficiency using databases and writing custom SQL queries.
- Knowledge of web application security and vulnerability protection is a plus.
- Experience using Java web development frameworks (Struts, Spring MVC) is preferred.
- Experience with any of the following is a plus: Maven, Hibernate, Spring, REST, AngularJS, jQuery, Selenium, JUnit, Jenkins, JIRA, Guava, Bootstrap, SVN, OAuth2

Work Environment

Fast-paced, and holds a high level of responsibility to ensure timelines are met accordingly.

How to apply

Please send your resume to **careers@planetpayment.com with the position title in subject line**.
